

Moon Conjunct Sextile Trine Square Opposition Jupiter Aspects

☾♃ Moon conjunct Jupiter Generosity of spirit is most evident when Moon conjuncts Jupiter in the natal chart. These people are ready to laugh, quick to forgive, and warm-hearted. Jupiter aligned with the Moon offers *perspective* to the emotions, so that the natives are able to reason themselves out of depression, foul moods, and the like. This perspective allows the natives to understand others unusually well. They are hospitable, kind, and forgiving.

Sometimes quite opinionated, however, these people possess a strong sense of right and wrong. They can be quite impassioned about what is fair, what isn't fair, and what everyone should do about it! When someone is down, they are the first people to jump in with support and advice.

Not everyone wants to deal with their emotions in such a rational manner, however, so Moon conjunct Jupiter people can sometimes support people in a way that is not always appreciated, but their kind-hearted approach is generally well-received.

very intuitive. Their hunches and premonitions are often right on target. As such, they can have a reputation for being quite "lucky". It's not necessarily psychism that is at the root of this, however. It is more about an expansive understanding of human nature and the world around them. These are very generous people who respond in big ways to others, sometimes overdoing it to the point that they try to please everyone around them.

It is interesting that these people who are so very charitable and forgiving can sometimes come across as a bit preachy. The reason behind it is that their emotional natures (Moon) work hand-in-hand with their higher minds (Jupiter). Jupiter is very grand and good-spirited, but it is also a planet that rules the concept of right and wrong. These people make excellent teachers and they are often interesting story-tellers. There is a strong attachment to the past, to history, and to cultures of the world.

Some Famous People with Moon conjunct Jupiter: Angelina Jolie, Helen Hunt, Alice Cooper, Clint Black, Robert Urich, Bob Dylan, Al Gore, Andy Griffith, Barbara Hershey, Merv Griffin, Prince William, Louis Riel, Venus Williams.

☾♃♌ Moon square or opposition Jupiter The charitableness of Moon-Jupiter aspects is here, but it is sometimes done to the natives' disadvantage. These people want to see the best in others, and are very quick to forgive and to accept others. Their big-heartedness, however, can go a little too far at times. They might promise a little more than they can deliver and although most will recognize their good intentions, they can quickly gain a reputation for not being very reliable or responsible.

In some cases, the mother or maternal figure was overindulgent with the child, and the natives are always hungry for emotional experiences. An inner restlessness is present in spades, and it can be difficult to satiate. If the mother figure was over-protective with the child, which is often the case, the natives grow up with a feeling either that they should protect others or that they should be protected or pampered. There can be some laziness and expectations that others should provide for them, even into adulthood.

They can come up with ideas that are not very well-grounded, and believe in them fully, not follow through, and then jump on a new bandwagon.

on something that is unrealistic, and when reality inevitably hits them, the "low" is just as powerful. Learning to temper their enthusiasm with realism and good judgment is essential in order to avoid this up and down cycle that can drain them of energy and spirit. They are usually humorous people with good hearts and they can be quite generous at times as well.

Some Famous People with the Moon in Hard Aspect to Jupiter: Squares – Johnny Depp, Jim Jones, Jimmy Connors, Kevin Kline, Jean-Claude Van Damme, Glenn Close, Monica Lewinsky; Oppositions – Arsenio Hall, Maya Angelou, Jodie Foster, Fabio, Steven Seagal, Marvin Gaye.

☾ * ♃ Moon sextile or trine Jupiter These people are generally pleasantly composed, due to an inner sense of harmony and emotional balance. They are optimistic—and realistically so, most of the time—which contributes to their overall "luck". They are able to get a real perspective on emotional matters that not only benefits their outlook, they are able to offer support to others when needed. Broad-mindedness is a wonderful characteristic.

Quick to find humor in situations, these people are generally warm and fun to be around. Deep down, they believe in the basic *goodness* of people and of life in general, and this basic and natural attitude helps them to attract positive circumstances and to make good connections. One of their best qualities is *tolerance*. Usually, they don't take life too seriously in the sense that they believe in having a bit of fun. Their hunches are more often than not bang-on.

The trine aspect is the more dynamic of the two harmonious aspects. Those with the sextile can call upon these traits when needed, and those with the trine between the Moon and Jupiter have incorporated the traits of the aspect into their personalities, expressing them naturally and consistently.

Some Famous People with Moon in Harmonious Aspect to Jupiter: Sextiles – Warren Beatty, Nick Nolte, Desi Arnaz, Lucille Ball, Tyra Banks, Bono, Charles Darwin, Wolfgang Mozart, Molly Ringwald; Trines – Socrates, Drew Barrymore, Billy Joel, David Spade, Gene Simmons, Elizabeth Kubler-Ross, Kris Kristofferson, Dustin Hoffman, Hillary Clinton.
