

Sun – Venus Aspects in the Natal Chart

Because the Sun and Venus are never more than 48 degrees apart, the only aspects they can make to each other are the semi-sextile, semi-square, or the conjunction.

Sun conjunct Venus The qualities of the planet Venus are aligned with these people's egos, so that they project the traits of Venus powerfully. Social relationships are extremely important to those with Sun conjunct Venus in the natal chart. They are

and to be liked and appreciated. Sometimes, vanity is part of the package.

Venus is a peace-making, harmony-loving planet, and those with Sun conjunct Venus do their best to seek peace and harmony. If you want things to go smoothly, call upon a Sun conjunct Venus person to restore balance. They are diplomatic and veritable experts at smoothing over (and sometimes *glossing over*) problems. They are openhanded with others, tolerant and accepting.

When expressed negatively, they can be superficial and two-faced, and they can be very much tied up with appearances—their own, and sometimes others'. They might be *too* agreeable, *too* pleasant (at the expense of honesty), and downright lazy at times. These people have a fine eye for style and enjoy pleasing surroundings. They generally dress well and enjoy a certain amount of luxury.

These people are gracious. They are romantic and sometimes romantically impulsive. They tend to rely on the power of *attraction* to bring people to them, rather than aggressively pursuing love interests. There is some vanity involved here—they are most attracted to people who express interest in them, or who respond well to their charms!

These are not the types of people who overtly pursue people who appear to be indifferent to them—something that Sun-Mars people might do. They are not competitive people in the aggressive sense of the word, and they are not people who love a good chase. Instead, they work their charms and draw people to them. Remember that their ability to attract others (Venus) is very much tied up with their ego (Sun).

People with this aspect tend to be quite attractive, pleasing, and charming. Others sense the value people with this aspect tend to place on the feminine.

Some famous people with Sun conjunct Venus: Jamie Lee Curtis (Sun late Scorpio and Venus early Sagittarius), Ella Fitzgerald (in Taurus), John Travolta (Sun late Aquarius and Venus early Pisces), Oprah Winfrey (in Aquarius), Leonardo DiCaprio (in Scorpio), Arianna Dantone (in Leo), Justine Skye (in Virgo), Justice Smith (in Leo), Yvette Nicole
