

Mars – Uranus Aspects: Conjunction Sextile Trine Square Opposition

MARS CONJUNCT URANUS

You have a rather provocative and often dogmatic personality. You tend to make your own rules and don't much like taking orders. You refuse to be labeled or put in a box! There is a natural, latent impulse to disrupt, rebel, and question.

You are original, inventive, and sometimes erratic, often acting on blind impulse. Many find you attractive and intriguing. You might easily become bored, but you are also clever and inventive enough to create exciting new projects, challenges, and endeavors.

and taboos can be enjoyable for you at times. You could become a pioneer in a field, and you certainly are able to lead the way for others, although your focus needs improvement with this position. Not a believer in fate alone, you see things in such a way that you know there are always choices and options. You are an individualist who can relate to pretty much anyone in the world from all walks of life. You are often the first to embrace new, improved, cutting-edge products, things, and ideas.

Alternate, short interpretations:

*Dynamic, self-willed, and fiercely independent, you have extraordinary drive and energy. When you want something, you want it NOW, and you act quickly, impulsively, and decisively. Your impatience inclines you to be abrupt with people and reckless. You need a great deal of personal freedom to do things in your own way and do not happily conform to schedules, rules, or regimes imposed by others.

You are intolerant of authority and can be very rebellious. You are very frank with others, sometimes brutally so. You may have an explosive temper. High-strung and often nervous and tense, you find it difficult to slow down, pace yourself, or relax. You are always on the go. You are restless, daring, and experimental.

#Like certain of the Christian saints, you tend to accidentally fall into the spiritual experiences you need. This could be through a physical accident, or it may be that your intuition and energy bring you to the proper crossroads again and again.

MARS SQUARE OR OPPOSITION URANUS

You prefer to stand out in a crowd than to follow. Even if your fundamental personality is introspective, you naturally do stand out.

Watch for a tendency to be stubborn or dogmatic, which can impede your progress in life and cause unnecessary delays or obstacles. You can be temperamental, but you tend to get over things quickly.

While you're in touch with your needs and character, being hasty, impatient, and impulsive can lead to unnecessary struggles. This combination can indicate eccentricity, nervousness, or ups and downs with energy, desires, and motivation. Fussiness or irritability is marked when you're upset.

You don't do well with schedules, especially those imposed upon you, but often, not even those you create for yourself! You can have great disdain for certain formalities and social niceties or maneuvering.

Consider that impulses to take sudden risks may be self-sabotage. With time and maturity, you recognize the value of developing more patience and humility.

You can be notably original, headstrong, rebellious, and contradictory. You are independent and individualistic. Inventing, designing, and pioneering are your strengths.

Especially with the opposition, you could experience this Mars-Uranus energy in an externalized way through unusual or frequent attacks on your character.

Alternate, short interpretations:

Mars square Uranus or Mars opposition Uranus: *Intensely restless, dynamic, and energetic, you are always on the go. When you want something, you want it NOW, and you act decisively, impulsively, sometimes hastily and prematurely. Impatient, high-strung, and often nervous and tense, you find it difficult to slow down, pace yourself, or relax. You are fiercely individualistic and independent, self-willed and intolerant of restraints and restrictions imposed by others. You have a reckless disregard for authority and can be extremely rebellious.

Cooperating with others is not your strong point! You are often brutally frank and abrupt with people, and can be quite impersonal when you are pursuing a desired goal. You may have an explosive temper when your will is blocked. You have a superabundance of energy and need much personal freedom to do things in your own style and at your own pace.

#Your life is peppered with dangerous intersections where you may be physically injured. These very events, however, form the substance of your spiritual path. It takes courage to follow this independent path, and effort to maintain strong relationships as you do so. Intuition can be a great asset.
