

Venus in the Houses

Venus | Venus in the Signs

On this page, you'll find interpretations of the placement of Venus in the twelve houses of the natal (birth) chart.

Don't know the house position of your Venus? Find out how you can get your astrology chart positions free with our **simple steps**.

Or, calculate your birth chart and receive a free report, including the position of your Venus by sign and house, as well as other planets here: **Free Birth Chart Report** or **Free Astrology Reports**.

Venus in the 1st House

You are a likable, magnetic, attractive, and charming person whose heart is often on your sleeve. Unless Venus is very challenged, you are easy to befriend, diplomatic, and warm

Negative expressions of this position include a superficial charm, a tendency to “play dumb” when challenged or in doubt, and two-faced, passive-aggressive behavior. The need to be liked by others, and/or to keep the peace, might lead to feelings of resentment or general unrest if you feel that you give up your own power to others. You might find it difficult to make solid decisions. Your personal sense of style and manner are things that others find fascinating, and you generally pay great attention to how these things benefit you in life.

!With your natural charm and magnetic personality, you have a way of winning people over to your arguments. You are probably physically attractive and will maintain this quality well into your later years. You have a deep appreciation for art and enjoy surrounding yourself with beautiful objects. Your love life is very important to you, and you feel a lack if you have no partner in your life. Your appetite for life and for love is hefty, and you enjoy taking the initiative once you are comfortable with a partner. You are ever so charming and attractive, and absolutely hard to miss, no matter what you look like. Your head and face are your most attractive features! This is because your Venus is in the first house of Aries, a sign that rules this part of the body.

Venus in the 2nd House

Tangible expressions of love and affection are important to you. Your tastes are usually “simply extravagant”, well-defined, strong, and something you are proud of. Some might feel you have a talent for finding items of value and good taste. You are attracted to items of quality. You may use generosity for your own benefit—in other words, you might give gifts with expectation of reward. Some of you might be hedonistic and overly attached to winning admiration from a partner, at the expense of discovering true love. Your neck and upper chest are erogenous zones, and your voice is unusually attractive.

A partner who makes you feel safe and secure is ideal for you. Once committed, your love is long lasting and sincere. You have strong values and others will find it hard to sway you in this area. Sensual, the world of touch and smell is most appealing to you. Complex or mysterious partners are not as intriguing to you as simple and genuine ones.

Venus in the 3rd House

You are verbally expressive, diplomatic, and aim to be tactful. You easily win others over with your words, whether it's because of a likable facility with language, a beautiful voice, or a diplomatic use of words. You readily give out compliments. Some of you might use flattery to your own benefit at the risk of being ingenuine. You are generally a very good mediator, aiming to settle arguments quickly and restoring at least temporary peace.

You have a mischievous side, however, and your desire to be tactful and polite with others doesn't always succeed. Some of you might engage in a lot of mind games, and others might eventually find out that you don't always mean what you say or say what you mean! You value mental stimulation and frequent changes of scenery in your love relationships.

Venus in the 4th House

You seek balance, beauty, harmony, and peace in your home and domestic life. You might be especially attracted to luxury or quality/comfort items in the home, and you likely have an eye for interior decorating. There is a loving, personal touch to the way you decorate your home. Your love is decidedly sentimental, and you show your affection through nurturing and displays of sympathy. You don't give your heart out easily, but when you do, you do it with great emotion.

dependent if you are not carerul. Your parents' marriage affects your own partnering skills and style more than most. A parent may be especially charming, beautiful, or otherwise Venusian. On the negative side, this parent may have been especially indulgent or overprotective with you.

Venus in the 5th House

Interest in romantic connections may have started young. Playful, sensual, and amorous, you are in love with love! You thrive on romantic attention, and it is easy and natural for you to always have a crush or romantic interest. There is a romantic, playful side to you that is unmistakable. It keeps you young at heart!

You are sensuous and enjoy indulging in the pleasurable senses to the fullest possible extent. You enjoy surrounding yourself with beautiful art and music, and these may play a role in your ideal date scenario. There is a touch of the dramatic in you when it comes to love and sex. You are generally quite loyal to your partner, and you are both charming and easily charmed. It's also easy to turn your head. You are a warm, fun and playful date.

Venus in the 6th House

Your expressions of love and affection are practical and helpful. Being of service to a partner is especially important to you. In fact, you might go to great lengths to be available at all costs to a loved one. While you may not be flowery or showy when it comes to expressing love, you show your love by your availability, rendering services, doing practical things for a loved one, and other thoughtful "little" things. Many of you are talented at design work, as you appreciate and pay much attention to all of the little parts that make up a whole, with the goal of finding order and harmony in these systems.

relationships that serve a practical purpose in your life, or out of fear that you might not find better. Selling yourself short may be something that keeps you from going after what and who you want.

Venus in the 7th House

You live for relationships. It is hard for you to think about being alone. Harmony is most important to you, so it is unlikely you will attempt to dominate a lover. You are a peacemaker, sometimes going to great lengths to achieve a balanced, harmonious relationship. Be careful not to bend over backwards just to keep the peace—you may be taken advantage of. Your marriage partner may be especially attractive, charming, or well off. You're extremely attractive, agreeable, and charming, drawing others to you magnetically.

You need an unusual amount of contact and exchange with a partner, and might find that you feel completely lost without one. Some of you might quickly enter into partnerships, perhaps too quickly and neither equipped nor prepared for the responsibilities that a long-term relationship demands. In some cases, there can be a shallow or materialistic interest in partners. Your hips and lower back may be special erogenous zones for you, or they may be especially attractive body parts.

Venus in the 8th House

Intensity is what you seek in your love relationships, so that casual encounters are not necessarily your game. You are easily bored with mechanical interactions between partners, and might prefer drama in your relationships to anything mundane or superficial. However, you also fear being vulnerable in love, and, in youth, you may control your emotions in love. Fears of being betrayed may be at the heart of your somewhat jealous and possessive nature in love.

total devotion and attention in return. You find passion a healing force in your life. Your charm runs deep—just below the surface. You are attracted to all that is taboo, hidden, forbidden, and find beauty in the broken, disenchanted, obsessed, and passionate. In some cases, people with this position might make a business out of love, romance, and eroticism. There is an intensity about you that others pick up readily. Either they run or they are completely intrigued!

Venus in the 9th House

You are attracted to, or you tend to attract, people of different cultural backgrounds. A sense of adventure is appealing to you. You are not especially clingy, and you expect a certain amount of freedom in a partnership. You want to feel like you are growing as an individual, and you won't be happy in a relationship that is restrictive or confining. In fact, you have a great love for the feeling of freedom or limitlessness. Your hips and thighs may be especially attractive!

You appreciate a lover who is enthusiastic and not afraid to have a good time (with you!). You aspire to high ideals in love, but some of you might pursue sensations in love rather than true or deep feelings and attachment. Beware of a tendency for dissatisfaction with what you have, as the tendency to think that the "grass is greener" elsewhere can keep you from enjoying or developing what you have.

Venus in the 10th House

Others tend to respect you for your charming manner, and you have many admirers, although some of these are admirers from afar, as there is an aura about you that is charming yet strangely (and intriguingly) distant. You have a great need to be recognized or admired for your charm, beauty, or loving manner, but should be careful not to become too wrapped up

Some people with this position are “married” to their work or to their image. You are good at making contacts and organizing social events.

Venus in the 11th House

The friendship level of your relationship needs to be genuine in order for you to sustain romantic interest. You tend to focus on a person’s unique qualities — those traits that make him or her stand out — as the most attractive. Your relationships must possess some kind of unconventional element in order to keep your interest levels high. Calves and ankles are either erogenous zones for you, or parts of your body that are particularly attractive!

You may meet lovers through group activities. Although you value friendships and group affiliations highly, you might jump into friendships without considering the responsibilities they might entail.

Venus in the 12th House

You are big on romance and you tend to live and breathe your partner once you’re hooked. Not the best at defining your boundaries — where your needs and your partner’s needs separate — you can get hurt in love rather easily. You can also feel used quite readily.

You are attracted to people from all walks of life, finding a partner who has an unusual background or quirky personality most attractive. Partners who mistake your compassion for weakness can take advantage of you. Being openly affectionate and trusting often doesn’t seem safe to you. You may feel your love won’t be appreciated or reciprocated.

Love and sacrifice often seem to go hand in hand for you – having to give something up to be with the one you love, or having to relinquish some person or some aspect of an important love relationship. You value a certain amount of self-sacrifice and a giving attitude in a partner, as you embody these traits. You can be quite mysterious to others, even if you don't mean to be, because your romantic needs are kept hidden. Although you are quite naturally drawn to relationships that are unusual, secret, challenging, and unequal, do take the time to examine why this may be the case. Be certain that you are not, in some way, punishing yourself because you don't feel worthy of an equal and public relationship. Because Venus represents attraction, and the twelfth house is associated with the feet, your feet may be especially attractive and/or erogenous zones!
