[Techniques for Preparing for the Future and Understanding the Past](#)

Overview:

Jupiter takes approximately 12 years to come full circle. Because Jupiter retrogrades and due to the fact that houses are not always equal in size, the time it takes for Jupiter to transit through a house varies. On average, however, Jupiter takes about one year in each house of the horoscope.

who have waited for Jupiter to transit conjunct our Sun can attest. Why? Because if we wait for Jupiter to bestow us with wonderful gifts, we are sure to be disappointed. What Jupiter does do is infuse us with the license to dream, to hope, and to feel good about ourselves.

Jupiter is an influence that acts to expand and enlarge our personal landscapes. Jupiter transits allow growth and expansion of consciousness involving the conditions and natures of the houses involved.
