#### Overview:

The transits of Venus to planets and points in the natal chart are relatively brief influences, lasting approximately a day.

### Venus Transits

tenderness. If you are spending the day alone, pampering yourself makes a lot of sense. It's a great time to improve your appearance and your manner. You are especially charming today, however, so you might not want to isolate yourself! At this time, you desire to please and to be pleased; to treat and to be treated. You have an especially loving and tender touch. You are more sensitive to imbalances in your environment, and you seek to find harmony in whatever you do. Others see your more charming, caring, and attractive side. You are motivated by the desire to strike a balance in your relationships and in your environment. Smooth negotiations with others, graciousness, diplomacy, and charm are with you, although there could also be a tendency to gloss over the less-than-pleasant stuff.

**Venus sextile Sun** *Easy interactions.* You are more willing, yielding, and compromising than you are typically. The aura around you is tender and caring, and others take notice. You are more interested in being around loved ones. This easy energy can also cause you to temporarily lose interest in work. It's not ambitious energy, and some laziness or a tendency to procrastinate is possible. Sometimes, first dates occur during this transit. Relationships in general improve. This is a good time to ask for a raise or the support you need, and you might see some success on a financial level.

**Venus square Sun** *Lacking self-discipline.* This is a period when you are less motivated or driven than usual. Lazy appreciation for the good life comes now. You are distracted when it comes to work, and you are more likely to overeat, overspend, and avoid anything that makes you feel unbalanced or uncomfortable. Irritations that seem to stem from others could be the reflection of your own inner uneasiness. Do your best to control yearnings for more than what you have and search for a creative solution for your inner dissatisfaction.

**Venus trine Sun** Love is in the air, and your relationships are harmonious and rewarding. Others find you attractive and enjoyable to be with. Social functions and artistic endeavors go well. You may be interested in purchasing objects of beauty or adornment. Efforts to improve your appearance run well. Gifts or increased income may be part of the picture. Your judgment is balanced now, and you are less likely to go to extremes. Use this inner balance to smooth over differences in your personal relationships, and to make sound judgments with your finances.

you're simply not in any mood for hard work. You could be looking for an "easy way out". Delaying spending might be wise now. Relationships could prove expensive. You may find yourself at odds with someone you care about or someone in authority over a question of values. Your own values or way of expressing love and affection may differ from someone you interact with now. Your ego may be a bit inflated right now. As long as you don't think with your ego, you could learn a whole lot about a person you love.

**Venus conjunct Moon** *Feeling sentimental.* Your mood is especially romantic and sensual. Let it guide you, and you might just find yourself in a very fortunate situation. This energy is excellent for any behind-the-scenes or domestic activities. It's an opportune time to make domestic purchases and to buy or wear new clothes for the first time. Beauty treatments are favored. This is a time when praise or compliments naturally come your way, when you receive friendly greetings, and when you might extend a hand to others you care about. Aiding someone financially or spiritually is bound to boost your own spirits.

**Venus sextile Moon** *Sensual mood.* Right now, your best bet for personal success is expressing yourself sincerely and warmly. Your personal popularity gets a boost now. Others could lean on you for a little support, and you are more than willing to give it. Tensions on the home front ease and a partner is more attentive to you. Peace and harmony satisfy an instinctive need now, and your focus should be on ways to improve or maintain a state of balance in your personal life. Passive responses to life work better for you during this period than aggressive ones. Compliments could come your way.

**Venus square Moon** *A sweet tooth for pleasure.* A craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. You could be emotionally and financially irresponsible now, however, and the tendency to bicker with others over emotional and domestic matters is high. Someone whose values are different from yours could easily rub you the wrong way. Watch for over-sensitive reactions.

**Venus trine Moon** *Personal popularity.* Take this opportunity to express your feelings to people close to you -you are more likely to be received well today than on other days. This is a good time to enhance the beauty and grace of your home, as well as to attain

green light period for beauty treatments, purchases for your home and family, and subtly changing your personal style successfully. You may not feel like working or pushing yourself too much now, but that's just fine. A passive approach to life works best now. This transit is a cosmic nudge to slow down and enjoy quiet and nurturing activities.

**Venus opposition Moon** *Emotionality.* This transit stimulates your affections but can lead to excessive emotionality. Avoid falling head over heels into relationships just for the sake of having company. The tendency to bicker about emotional, domestic, or social matters runs high now. Your feelings are easily hurt now, and you could feel underappreciated. This is not the most personally popular time for you, but thankfully this transit is brief.

**Venus conjunct Mercury** *Sociability.* Lighthearted conversations, sociability, humor, and cooperation are hallmarks of this transit. This is a good time for socializing and communicating with ease, telling others how you feel, and negotiating. Mentally, you may not be as disciplined as usual, as you prefer to chat with others and to think about more "pleasant" things than work. This influence is generally favorable for commerce, and it sometimes indicates a job-related social function.

**Venus sextile Mercury** *Poetry.* Self-expression is enhanced by a touch of the romantic and the poetic. You come across as gracious and diplomatic. Some laziness on a mental level is possible now. Business opportunities or proposals are favored today. Also, job-related social functions may be part of the picture. Measured and balanced agreements can more easily be drawn up. You could receive a compliment today, or hear of someone's affection for you, particularly someone younger than yourself.

**Venus square Mercury** *Discrepancies.* You could find that you are socially active but others rub you the wrong way...or vice versa. Something is a little off right now, and social blunders are more likely now than usual. Difficulties in social or romantic communication are possible today. Hypersensitivity and lack of mental discipline are other negative manifestations of this energy. Your mind tends to wander, and working effectively may suffer as a result. It would be best to make an extra effort to be polite and diplomatic.

Also, job-related social functions may be part of the picture. Measured and balanced agreements can more easily be drawn up. Hypersensitivity and lack of mental discipline are other negative manifestations of this energy. Your mind tends to wander, and working effectively may suffer as a result. It would be best to make an extra effort to be polite and diplomatic.

**Venus conjunct Venus** *Venus day.* It's your Venus Return today, so be sure to surround yourself with positive thoughts, people, and affirmations, as this day can act as a "stamp" for the year or so ahead with regards to both relationships and personal finances. There is the potential for your personal relationships (especially romantic ones) to experience renewal. Beauty and art are especially appealing now. Feelings are affectionate. Your desire for love, companionship, and affection predominates at this time. A new friendship or romance could begin, or an established relationship can be revitalized and enhanced. If there is someone you have wanted to reach out to, doing so now is likely to create warm feelings between you, and may be the start of something beautiful. Revealing and reiterating your love at this time could turn a relationship in a new direction. You also need to be surrounded by beauty and harmony and your artistic inclinations are stimulated now. A shift or change in your attitude towards money and personal possessions is also possible now.

**Venus sextile Venus** *Socially smooth.* Harmonious interactions with others are favored at this time, likely because you are projecting the more charming, cooperative, and agreeable side of your nature! Smoother negotiations are the result, and love is easier than usual to enjoy — and to find — today. This could be a prosperous time for your financial affairs or investments. Pleasing contact with females is probable. Your natural approach to socializing and expressing your affections is acknowledged or appreciated now. Reasonable demands you make now are more likely to be fulfilled.

your relationships. Someone is giving more or feeling more than the other. Differences in personal style, tastes, and ways of expressing affection may emerge or become glaringly apparent. Compromise requires some effort. Touchiness could be coming from you or from those close to you, and you might be feeling underappreciated. There could be a feeling of uncertainty about your financial or romantic prospects. Your natural, instinctive approach to socializing and expressing your affections is not received well for the time being.

**Venus trine Venus** Let your feelings and affections flow. This is a time when the rest of the world seems to be appreciating your romantic style. You are unlikely to be coming on strong and trying to make things happen, but instead are inclined to flow along with people and situations, attracting what you need and letting the world come to you. Harmonious interactions with others are favored at this time, likely because you yourself are projecting the more charming, cooperative, and agreeable side of your nature! Smoother negotiations are the result, and love is easier than usual to enjoy — and to find — today. It could be easier to make money now, but also easier to spend it!

**Venus opposition Venus** Differences in values or ways of expressing affection in your personal relationships are made very noticeable to you now. Whether or not you are with someone romantically, you could be feeling underappreciated or even unloved. If there is a confrontation with a loved one now, it's unlikely to be very confrontational! Rather, it's likely to take the form of pouting, distancing, and side-stepping the real issue. Probably you'll want to indulge yourself in some way and may avoid getting down to work. Inner unrest could lead you on a shopping spree or some other attempt to reward yourself, when what you really need is to work on establishing a deeper connection with the people you love—or to get in touch with your own true needs.

**Venus conjunct Mars** You are especially creative (and procreative!) now. Cooperating with others is easy. If an existing relationship needs a boost, now is the time to put the extra effort forth. Venus acts to soothe and soften whatever it contacts. In this case, it's your raw, instinctual nature, so your aggressive nature is toned down. Your powers of attraction are heightened, and you are more likely to be the one who's pursued. Any new relationship begun under this transit is likely to be especially passionate.

people, or to smooth over problems in existing relationships. Sexual and romantic activities are favored today. Romantic activity, sexual attraction, creative action and self-expression in business and the arts, active participation in social functions, and creative initiative are favored under this influence. It's easy to act upon your social and romantic needs simultaneously—and successfully! A softening of your disposition and warming of your desire nature occurs now. You could purchase something sexy for yourself or a gift for your lover. An event involving a male in your life figures now.

**Venus square Mars** Although this can be a sexy transit, tensions in relationships are likely. Attempting to satisfy romantic needs and assertive/sexual needs simultaneously can be challenging. There is an air of competitiveness under this influence, which need not be difficult. In fact, it can be stimulating, creative, and invigorating. Passions run high under this influence. Sexual tensions and competitiveness are possible, and there can be conflicts that arise from differences between romantic and sexual needs. Social blunders are a possibility now. Be wary of making impulse purchases. You could stir up problems in order to fulfill a need for excitement.

**Venus trine Mars** This transit points to success and ease in close personal interactions. You are feeling passionate, warm, expressive, lively, and sexy. It is a good time for financial ventures, your social life, artistic pursuits, romance, and pleasure. You are now able to take the initiative and to achieve harmony and sexual fulfillment. This influence brings satisfaction to the feelings. You might form permanent ties or relationships that prove to be fruitful and fortunate. Your creativity and desire to make something beautiful is stimulated now.

**Venus opposition Mars** When you try to be friendly, you seem to miss the mark. Attempting to satisfy romantic needs and assertive/sexual needs simultaneously can be challenging. Your romantic sensibilities and your desires are at odds with one another, and problems (especially misunderstandings) in romantic and sexual relationships may result. Passions run high. Jealousies are possible. Impulsive decisions affect your finances and/or established relationships. You could stir up problems in order to fulfill a need for excitement.

**Venus conjunct Jupiter** *Fulfilling your heart's desires.* This is a magical transit when you are especially generous and giving, optimistic, and kind towards others. This is an

who is not usually your “type”, or who is from a different background or professional standing, could figure prominently now. If you need to make amends with someone, now is the best time to do so. This is not the time to pass up a social opportunity either!

**Venus sextile Jupiter** *Enjoying life’s pleasures.* This is a cooperative, happy influence. Consideration for others, cheerfulness, and a positive attitude towards relationships are themes now. Romantic opportunities or harmony are part of the picture. Financial endeavors are generally successful now, as long as they are reasonable. You are more open and trusting of friends and lovers, and they of you.

**Venus square Jupiter** This is a time when you could take great strides to get noticed. Avoid impulsive buying. Problems in your personal life likely won’t get resolved under this influence. Avoid hasty (or haughty!) decisions. You might overstate your feelings or promise more than you can deliver. Feelings of elation in love or with regards to the pleasures of life can lead you to overdo, overindulge, overspend, and overstate your feelings. You may also feel lazy and you are inclined to procrastinate. You could be trapped in the company of boring people at a social event now, others might impose upon you, or you could be tempted to blow your savings. Avoid the tendency to exaggerate your feelings or your means.

**Venus trine Jupiter** Friendliness and optimism characterize this transit. You are big-hearted and your feelings are expansive. Your outlook is cheerful and hopeful and the atmosphere around you is cooperative. This is a sociable, perhaps lazy and self-indulgent, time. This is a period when you easily find meaning in your social connections. You are more open and trusting of friends and lovers. Integrity and loyalty are favored. This is an especially favorable influence for winning people’s trust. Speculation, advertising, publishing, and travel are also favored. Don’t pass up a social opportunity now.

**Venus opposition Jupiter** Challenges in relationships now are likely due to overblown expectations. It can be hard to find a balance between responsibilities and the desire for self-gratification. Your love nature is strong, but given to extremes. Over-inflated expectations and the tendency to overstate your affections are things to watch out for. You may overvalue something (or someone), perhaps in an attempt to dramatize your life because you’re itching for something different! You are sociable, in the mood to party,

**Venus conjunct Saturn** You are attracted to people with maturity, worldly wisdom, and a solid sense of values (perhaps an advisor, elder, or teacher), and are disinclined to frivolous activities or wasting your time. In fact you may be pleased and happy to be alone or perhaps with just one other person that you know well. On the other hand, you may feel quite cool or withdrawn in a crowd. You are also restrained and careful about spending money at this point, and that's as it should be. It is a good time to reflect, set priorities, enjoy simple pleasures, and appreciate quality time with yourself or with your chosen companion. A commitment could be made now.

**Venus sextile Saturn** *Maturity in love.* Your affections stabilize and mature.

Relationships are reinforced and steady, although feelings are expressed reservedly, formally, or sparingly. A new sense of realism in existing partnerships comes now. Small advances can be made in business and in partnerships. Support from older people or authority figures may come by way of solid advice or tangible help. Renewed ties to old friends are possible, or a new sense of responsibility in existing friendships. You are less spontaneous and more studied and deliberate now.

**Venus square Saturn** There may be difficulties relating to others under this influence. People may appear cool with their affections and emotionally distant. You could be feeling unappreciated, unloved, or unwanted. Avoid new financial undertakings, as they may prove to be "money pits" as time passes. There may be anxiety or trouble with regard to matters concerned with the feelings. Romantic disappointments, unrequited love, separations, and broken engagements are the more negative manifestations. You tend to lack social confidence at this time and adopt a shy, formal, or reserved social manner. Gaining what you want is challenging under this influence, due to negative attitudes and the tendency to need more than what is possible. Difficulties socializing with others stem from an increased sensitivity to rejection. Others might notice stiffness with your affections. Emotional distance in relationships is likely for the time being. You may be separated from someone you want to be with, or you could be concerned for a loved one. Try not to read too much into situations, particularly social and romantic circumstances. This transit is best used for reflection.

**Venus trine Saturn** Affections stabilize and mature now. Small advances can be made in business and in partnerships. Support from older people or authority figures may come

now. The simple pleasures of a relationship or friendship are appreciated now.

**Venus opposition Saturn** *Dissatisfaction.* Anxiety may overcome you when you wish to express your affections or social urges, and this hesitation can express itself through inhibitions and emotional distancing. You keep others at arm's length, unsure of whether you are loved or not. This is a somewhat inhibiting influence when it appears that others value utility over true love. An element of seriousness permeates your love relationships. You may feel criticized and inhibited, unloved and unsatisfied, but your worst enemy may be yourself and your own fears of getting close to others. This influence puts a temporary damper on your social life. It's not a good influence for financial endeavors either! Burdens are possible, as well as a feeling of being unsatisfied emotionally. A serious matter on your mind could sap the fun out of your day. Try to avoid self-pity unless it eventually motivates you to pull you out of a lull. Also, avoid taking things out on others now. Try to remain gracious.

**Venus conjunct Uranus** You have a taste for the unusual and the avant-garde. You are itching for a change now on a social or romantic level. What makes you unique is more attractive to others under this influence, so emphasize what makes you special. Excitement and newness are valued over permanence in social relationships. You lose your fear of taking risks in love and social situations. Romantic infatuations, gossip, unanticipated opportunities socially or financially are all possibilities. Sometimes this correlates with an unexpected income boost, a surprise visit or social event, a transient or sudden romantic attraction, or unpredictable experiences in matters of the heart. You have a greater need for self-expression, personal freedom, and social excitement.

**Venus sextile Uranus** *A taste for the offbeat.* This is a favorable influence for social meetings and events, and for situations that call for treating others with equality and respect. You lose your fear of taking risks at this time, and you happily embrace all that is new, unusual, and out-of-the-ordinary with regards to romantic involvements as well as financial undertakings. You are ready to experiment, but not necessarily ready to commit. This is a good time for financial undertakings involving electronics, technology, the internet, metaphysics, and the arts, as well as group activities. Others naturally appreciate your more unique qualities now.

involved in may suffer as a result. Impulsive attractions to both people and material goods can lead you astray. Avoid impulse buys at this time, and hold off on decision-making with regards to finances. Some instability, restlessness, and rebelliousness is probable in romantic relationships. You may not see eye to eye with a loved one, and you could be taken off guard by unexpected events. This is not a favorable aspect for beauty treatments because they could have unexpected results. You, or a loved one, may struggle with freedom versus intimacy issues at this time.

**Venus trine Uranus** You have a little more oomph on a social level and you happily embrace all that is new, unusual, and out-of-the-ordinary with regards to romantic involvements as well as financial undertakings. Creative inspiration can be had now. Your offbeat, pleasant attitude is appreciated, noticed, and even adored. People are more willing to socialize with you. This is a good time for financial undertakings involving electronics, technology, the internet, metaphysics, and the arts, as well as group activities. A spontaneous or surprise visit or social event may be part of the picture.

**Venus opposition Uranus** Unusual attractions (to people and things) can have you acting on a whim. You, or a close partner, may be dealing with freedom versus closeness issues in your relationships. A last-minute change of plans, or some other unexpected event, challenges your ability to stay connected; a sudden break or a quick beginning to a new friendship or romance is equally likely. Breaking the unspoken (or spoken) rules in a friendship or love relationship is tempting now, perhaps in an attempt to stir up trouble or excitement. Sometimes this transit correlates with unexpected changes in your income.

**Venus conjunct Neptune** *Make a wish.* New and fresh beginnings on creative levels characterize this transit. Heightened sensitivity to, and awareness of, beauty and spirituality is the order of the day. You are easily influenced, seducible and seductive, and given to strong powers of imagination. You are more attuned to the world of beauty and romance today. Gentleness with others is the best way to harness this energy. This could be a "magical" time on a romantic and social level, but it could also be a confusing or illusory influence as well. Psychic openness and compassion characterize this period.

**Venus sextile Neptune** You are more imaginative and attuned to the world of beauty and romance today. Gentleness with others is the best way to harness this energy. This

synchronicities occurring in your own relationships or with your personal finances.

**Venus square Neptune** *Unclear desires.* Imagination and fantasy fog judgment and create romantic confusion. Relationship ups and downs characterize this transit—a time when romantic mirages are more than likely. You see what you hope to see, rather than what really is. The “highs” of a relationship begun under this energy may be thrilling, but the accompanying “lows” are bound to set in, and they can be extremely draining. Be careful not to set yourself up for disappointment. The same goes for finances—what appears to be a great buy is likely to turn out to be a financial drain or money pit. Avoid making large purchases and commitments at this time. You may be inclined to withdraw from social activities, perhaps to nurse your wounds. This transit sometimes correlates with feelings of rejection or unusual experiences in love.

**Venus trine Neptune** *Heightened sensibilities.* You are more attuned to the world of beauty, the arts, and the imagination. Compassion, harmony, kindness, and openness characterize this transit. Gentleness with others is the best way to harness this energy. This can be a “magical” time on a romantic and social level. The pleasures of life are experienced fully. You see the very best in people now, and this eases your interactions and takes the pressure off in personal relationships. Romance is highly favored.

**Venus opposition Neptune** Happiness is addictive under this influence. Your tendency to see what you want to see and gloss over the more realistic points, details, and flaws provides you with instant gratification. However, it’s wise to hold off on making important purchases, or natalizing a relationship until the veil lifts. Avoid legal, financial, and social involvements, contracts, or formal agreements under this dreamy influence. Problems in love and involving money matters crop up because of your lack of the ability to discriminate at this time.

**Venus conjunct Pluto** This is an “all or nothing” energy. You have the power of attraction at your disposal. Your social presence may be larger than life, so a little charm goes a long way now. Things shouldn’t be forced, even though the desire to sway, coerce, and manipulate others may be present. Passions are strong and intense. There is a tendency to want—and to demand—a lot from a partnership or friendship. This is a time

**Venus sextile Pluto** If you seize the opportunity, this is a good time for either (or both) finances and relationships. Your feelings are impassioned, but not in an offensive or unpleasant way. You are focused and confident, and you appreciate depth of feeling and authenticity in your dealings with others. Enjoying an especially intimate moment may be part of the picture now. Discovering something new and relevant about a partner (or about your own romantic nature) could also figure.

**Venus square Pluto** *Power games.* Passions run high and hot, but there's a hidden agenda. Feelings of jealousy and possessiveness run so close to the surface that others can almost feel the heat, and they are in direct proportion to your fear of losing something or someone dear to you. Avoid starting a new relationship at this time, because it can be characterized by these energies. Some underlying tensions in social interactions (looking for an ulterior motive or an agenda, suspiciousness) and relationships (possible jealousies) are present now. Sometimes, this transit correlates with heartbreak, unreciprocated feelings, or romantic disappointment. Often, financial matters come to the fore. Manipulation and underhanded dealings can color relationships now. Avoid power plays with friends and lovers.

**Venus trine Pluto** Deeper aspects of love become apparent, without the usual stresses and strains. Renew a commitment now. This can be an excellent time for finances and for relationships. Your feelings are intense and impassioned, but not in an offensive or destructive way. You may experience karmic attractions now, or, at the very least, strong feelings and attachments. This is a sensual transit—a time when a little charm goes a long way. Something touches you now, and you could discover something intimate and relevant about a partner or about your own love nature.

**Venus opposition Pluto** An intense emotional or sexual attraction, a very revealing, intimate encounter, or a powerful desire to be close to and share your deepest feelings with someone is very likely now. Emotions and issues in a close relationship that have been brewing beneath the surface for quite a while come to the surface at this time, possibly in a very disruptive way. All of your relationships intensify and you need to be aware of a tendency to act in a rather compulsive, demanding way towards others. This is an "all or nothing" energy. Manipulative behavior, fear of betrayal, and power struggles

**Venus conjunct Ascendant** *Personal magnetism at a high!* Today you exude personal magnetism; you express your love and affection to others easily, and they do to you. The focus is on one-to-one relationships. You are magnetic and attractive—more than usual—and it's a good time to get noticed. Others more openly express their affection for you right now. At this time you come across in an appealing, charming, openly affectionate manner that is likely to win you new friends and admirers. You make an excellent first impression now. This is a very favorable time for doing something to enhance your appearance, such as getting a hair cut or purchasing new clothing.

**Venus sextile Ascendant** It's easy for you to receive warm responses from others right now. You are charming, personable, and reasonable. This influence sometimes brings new romantic or social relationship opportunities. This is a good time to purchase property, art objects, or to use new methods to increase your personal finances. Doors open that may have previously been closed or undiscovered. You look, sound, and feel good, so take advantage!

**Venus square Ascendant** Be aware that you are far more sensitive than usual, which can complicate partnerships, romantic relationships, and/or dealings with women in general. Guard against impulsive spending. You're more inclined to buy items on emotional whims rather than based on clear thinking. If circumstances call for an aggressive or forthright approach, you are more inclined to shy away or to fumble. In fact, you may be procrastinating with your work now, preferring to enjoy or simply pamper yourself.

**Venus trine Ascendant** This is a good time to go on first dates, schedule appointments, ask for a favor, make presentations, or apply for jobs, simply because you are coming across well. You portray the more reasonable, refined, and likable side of your personality now, and others tend to respond warmly. You are more willing than usual to bend and compromise. Remember that you get what you want by the forces of attraction during this period, rather than coming on strong. This is a good time to purchase property, art objects, or to use new methods to increase your personal finances. Doors open that may have previously been closed or undiscovered. You look, sound, and feel good, so take advantage!

can help offset them. You are more sensitive than usual to subtleties in your personal environment, and all the more vulnerable as a result. The choices you make now are colored by this sensitivity, as well as a stronger than usual need for approval and harmony. Relationship opportunities, generally of a more serious nature, sometimes arise during this transit.

**Venus conjunct Midheaven** \*Personal and professional appeal.

You could be in the limelight, especially with superiors or in relation to your work. You may find that you enjoy your job or the responsibility it entails more than usual.

Cooperative and friendly relationships in a professional setting are featured now. Having lunch or socializing with a mentor or superior, or getting to know someone on a more personal basis than is usual in your work environment, can establish goodwill. You could even become infatuated with someone who embodies your vision of success. This is actually a very positive time to meet the public or to increase your popularity and public image. Demonstrate your appreciation for others and a true awareness of their concerns.

**Venus sextile Midheaven** \*You could be in the limelight, especially with superiors or in relation to your work. You may find that you enjoy your job or the responsibility it entails more than usual.

Your ability to harmonize, to create bridges between two polarized "camps", or simply to get along with people, assists you professionally. You're more sensitive to the personal element of your work; appreciating and being appreciated for what you contribute is highlighted. You may be tempted to play matchmaker also!

**Venus square Midheaven** \*You may find some of your values at odds with your own best interests. You may not appreciate tradition or someone older in authority.

You enjoy playing the role of hostess or host, displaying your good taste, affection, and appreciation for the finer things. Lightness, humor, and good times shared are the focus for you now. Go to the extra trouble to decorate, embellish, bring out your best china, and show people a good time. Opportunities to come together for a celebration, while not entirely trouble-free, will be beneficial overall.
