

## Venus – Mars Aspects: Conjunction Sextile Trine Square Opposition

### VENUS CONJUNCT MARS

For people with a Venus-Mars conjunction in their natal charts, the blending of the feminine and masculine energies within is a natural process, although other aspects to the conjunction will tell the whole story as to how this is done. These people possess personal magnetism in spades. They live and breathe romantic/sexual relationships.

It is generally easy for them to form relationships, unless the conjunction is severely afflicted. They ooze sexuality, and they are generally quite impulsive with regards to entering new relationships. Relationships are not only important to them, they require a fair amount of excitement, adventure, and passion in their pairings in order to feel alive and vital.

cooperation. This comprises some of their charm, in that they generally know how to assert themselves without stepping on others' toes. Some men with this aspect may be too dominating in romantic situations, and might gain a reputation for being "macho". This is not always the case, however.

For the most part, these people are quite direct about what they want in a relationship, and they are quite passionate when it comes to going about getting what they want. It can be a challenge maintaining perspective when it comes to relationships. These people are generally highly creative and are bent on finding outlets for their creativity. Their vitality and warm energy is something that can be *felt* by others, as if it lies just below the surface.

Some Famous People with *Venus conjunct Mars*: Barry Bonds (in Gemini), Carmen Electra (in Gemini), Bette Davis (in Gemini/Taurus), James Caan (in Taurus, also conjunct Uranus), Sally Field, Eva Gabor (in Pisces), Merv Griffin (in Leo), Kris Kristofferson (in Gemini), Bruce Lee (in Scorpio), Courtney Love (in Gemini), Peter O'Toole, Al Pacino (in Gemini), Stefanie Powers (in Scorpio), Sting, Uma Thurman (in Gemini), Vincent Van Gogh (in Pisces), Emily Brontë (in Virgo), Harry Hamlin (in Virgo), Sandra Bullock (in Gemini, conjunct the Ascendant), Veronica Falcón (in Cancer), Blake Lively (in Virgo, also conjunct the Sun and Mercury), Keanu Reeves (in Cancer), Cristiano Ronaldo (in Aries), Amy Winehouse (in Leo), Zendaya (in Cancer), Bruce Lee (in Scorpio), Dwayne Johnson (in Gemini), Bruno Mars (in Virgo), Jennifer Garner (in Gemini), Taylor Lautner (in Capricorn), Yasmine Bleeth (in Gemini), Kendji Girac (in Gemini), Donald Glover (in Leo), Finn Wolfhard (in Scorpio), Alessandra Ambrosio (in Aries, also conjunct the Sun), Phoebe Tonkin (in Leo), Andy Samberg (in Libra).

## VENUS SQUARE OR OPPOSITION MARS

Whether it's an infatuation or a full-blown love affair, relationships get these people out of bed in the morning. They are passionate people who seem to need an active romantic and sexual life to drive them. Often, this area of life is somewhat challenging, especially in youth. As much as they want to be involved in a passionate affair, their timing can be off and/or it's difficult to find a relationship that mirrors their strong desires and

feel it themselves.

These people are highly creative and generally are driven to express that creativity. Their passion for romance is often channeled into their creative output. For example, challenges in relationships may be a large part of the drive behind their poetry, music, or other art.

Love and hate are very much mixed together for people with Venus square or opposition Mars in their birth charts. They are prone to love-hate relationships with others, likely because their passions are such that the old saying “there’s a fine line between love and hate” rings especially true. Some level of competitiveness, anger, frustration, or angst is present in their romantic relationships. In some cases, abuse is present, either in the form of receiving or giving it. Although they are quick to anger, they are generally just as quick to forget about it.

Interpretation sample from the **Karmic Insight report** — In this lifetime the erotic impulses of human love, desire, and sexual relationships are a highly charged focus of your attention. Expressing your sexual energies and personal magnetic attractiveness in ways that are loving and respectful or at least not harmful to yourself and others will be one of your issues.

Dominating others through your sexuality or allowing yourself to be dominated in this way is also a theme. Dissonance or turbulence in intimate relationships, especially over differences in sexual drives or needs, must be handled with care. Expressing your passion in ways that are compatible with your own values and sense of beauty is the key here.

On another level, balancing and integrating masculine and feminine energies within yourself is the challenge. Carrying or wearing watermelon tourmaline can be quite useful along these lines.

Some Famous People with the *Venus in Hard Aspect to Mars*: **Squares** – Gina Rodriguez, D.H. Lawrence, Andrew Lloyd Webber, Bill Maher, Johnny Mathis, George Michael, John Travolta, Serena Williams, Venus Williams, Bruce Willis, Alicia Witt, William Butler Yeats,

## VENUS SEXTILE OR TRINE MARS

It is easy for these people to attract attention of the positive kind. They radiate charm, vitality, and enthusiasm on some level that others appreciate. Not inclined to try to cover up their flaws, these people have a way of presenting themselves in a straightforward manner, and their ability to admit their mistakes and their fumbles only adds to their charm. They find it easy and natural to get along with both sexes quite equally.

They possess considerable creative talent, but whether or not they use it is dependent on other factors. They may take their own talents for granted and often need some kind of stimulus or encouragement to do something with them. One of the reasons for this is the fact that their creativity comes so naturally to them that they may be surprised when others recognize their talents. Similarly, they usually possess athletic ability and may need some encouragement to develop it.

The trine aspect is the more dynamic of the two harmonious aspects. Those with the sextile can call upon these traits when needed, and those with the trine between the Venus and Mars have incorporated the traits of the aspect into their personalities, expressing them naturally and consistently.

Interpretation sample from the **Karmic Insight report** — Actively creating harmony and beauty through your work, art, or with people is part of what you are here to do. You have developed a harmonious coordination between the masculine and feminine energies within yourself; thus, you combine strength with grace, power with elegance, decisiveness and effort with pleasure, passion with tenderness and sensitivity. You have a romantic soul.

aesthetic appeal, such as figure skating, or artistic endeavors that are active, such as performing dance or opera singing.

Actively bringing people together in some way, for mutual pleasure and benefits, is also one of your gifts.
