

Jupiter – Saturn Aspects: Conjunct Sextile Trine Square Opposition

JUPITER CONJUNCT SATURN

With *Jupiter forming a conjunction to Saturn* in the birth chart, your tendency to see both the potentials and limits of any given situation has its perks, making you a very reasonable person. However, you don't always allow yourself the pleasure of letting your mind go or of imagining something wonderful without also having to pull in the disclaimers! This can take its toll.

You have a balanced outlook, with realistic optimism and optimistic realism. You're serious about your principles, ideas, and beliefs. Your trustworthiness is vital to you, and your memory is retentive. A good teacher, you also love learning, and you could have a solid interest in history and/or politics. Preferring a step-by-step, logical approach to solving problems, you gravitate to tried-and-true methods, safe bets, and logical

You don't expect things are handed to you, and you see both the potentials and limits of every situation.

Alternate Interpretations:

You have a conservative streak in you that is seeking the lowest common denominator. You get to your goal in life and accomplish much by slow, tenacious effort. Your life really takes off between the ages of 27 and 36. It is during this time that you "find yourself". Your success is directly linked to the success of the culture. You rise and fall with the fortunes of everyone else. Seeing this principle in operation, perhaps you can pace yourself so that you don't waste time and energy trying to push your own life forward faster than the country or the social order can assimilate it. — Interpretation from the **InDepth report**.

*Your aspirations and dreams are always tempered by realism and practical considerations. You pursue your aims in a systematic, disciplined, and thorough manner, and you are willing to take your time, advancing slowly and steadily on your way to your goal.

Sometimes you underestimate what is possible, and hold yourself back unnecessarily due to a lack of faith or an overly cautious attitude.

#Patience is the key ingredient to management of change in your life. You have survived many previous changes, and your spiritual future will doubtless include some more. You make progress in seclusion.

~This aspect occurs about every nineteen years, lasts for a considerable period, and thus affects large numbers of people born during these times. In general, it indicates a period of law and order, and people born under it are pillars of society, quietly and nobly ambitious to succeed, but willing to do so only in an orthodox and utterly honorable fashion. If you have this aspect you are conventional, orderly, proud, aspiring, with a

If you also have Moon conjunct/sextile/or trine Jupiter, or Sun conjunct/sextile or trine Jupiter: You will rise to considerable honor, or even fame, though you will have a long apprenticeship to serve before your value and worth are recognized. You are eager for recognition but hate notoriety, so your recognition when it comes will rest on secure foundations.

If you also have Mars square or opposition Saturn: You have a swifter rise, more aggressive nature, and less certain tenure of public approval.

If you also have Mars sextile or trine Saturn, or Jupiter sextile or trine Uranus, or Jupiter sextile or trine Neptune: There is a probability of wealth.

This position is somewhat late in bringing its benefits, generally not being felt until after the thirtieth year, except in setting the mold of your personality and your ambitions; but after this it works steadily on your side. Positions of influence are most likely – government, army, ministry, the law. You may be an author, leaving your imprint on literature for generations.

With time, effort, patience, and experience, you learn to manage your expectations and moderate your tendency to easily become discouraged in the face of obstacles or criticism.

Watch for a tendency to feel a sense of doom if you're enjoying yourself "too much" or, on the other side, a sense of unbearable boredom if you're tied to a routine for a while. Aiming for moderation and compromise is worthwhile. It can help you tremendously to strive for a balanced outlook, with realistic optimism.

See-sawing between overly optimistic and overly pessimistic options is a stronger tendency with the opposition. With Jupiter opposite Saturn, you might also take the other side when presented with a positive or negative forecast, leading to much indecision.

Alternate Interpretations:

You suffer because you remember your failures more than your successes and consequently have a hard time developing a picture of yourself as a winner. In this sense you were born old. However, this same quality engenders a childish quality in you that tends to look for the "quick fix". Hard work and consistency of effort brings success for you just like it does for everyone else. Yes, you need some luck or some breaks, but these come from perspective, vision or aim in life. Work to see yourself as deserving good things in life, then be willing to put forth honest effort. — Interpretation from the **InDepth report**.
