

When the Sun trines Pluto in the Natal Chart

Sun trine Pluto, from the article, When the Sun trines Pluto

SUN TRINE PLUTO

With the Sun and Pluto forming a harmonious trine in your birth chart, your personality is deeply intense and remarkably perceptive. You possess a unique investigative nature, always delving into the hidden layers of any given situation. The thrill of solving a mystery or a complex problem is something you truly enjoy.

readily tap into when you have a goal in mind. You're adept at self-regeneration and transformation, a quality that others often look up to. Your quiet strength is palpable, and your strong personal presence and charisma can have a profound impact on those around you. You can also have a profound impact in your career or life path. People sense your strength and often seek your advice or leadership.

It comes so naturally to you to use your powers for the positive that it's difficult for you to understand or accept others who abuse their personal power or take advantage of others. You also very naturally take on challenges, and people who sidestep problem areas can frustrate you, since this tendency is so foreign to your nature. You're intuitive and understand human nature more than most. A master of strategy, you prefer to plan your maneuvers rather than jump in without thought.

For example, if an astrologer uses a 7-degree orb for a trine, planets/points that are anywhere from 113 to 127 degrees apart would be considered forming a trine to one another.

General discussion of Sun-Pluto aspects.

Sun trine Pluto: You have a deep belief in your own power and your ability to survive any change and to emerge victoriously from any difficulty. You have tremendous inner resources and strength.

Intense, strong willed, and zealous, you pursue your desires and goals with complete dedication and singleness of purpose, and you may be somewhat compulsive, even fanatical at times. You like to live intensely and have no respect for people who are weak, who avoid confronting life and their own destiny. — Interpretation from our **Merlin Profile report**.

Sun trine Pluto: Your desire to live life to the fullest helps you to learn easily and to make any changes necessary to achieve your ends, which are likely to bring advancement both to you and those around you.

Your magnetism helps to attract the people and circumstances that you need to succeed, building your self-confidence and ensuring that you will make a personal mark on everything you touch or do. You are highly motivated and have a knack for mobilizing your resources and others to bring about needed improvements. Others are inspired by your vitality, and for this reason you make a powerful leader. You are more inspired by higher purpose than by your position of power, however, as you deplore those who worship and abuse power.

Your uncanny ability to see through the pretenses of others and to identify the root causes of complex problems may at times threaten others, but once they see that you do not intend to abuse this ability, they can trust and follow you. Your heightened sense of perception and intuition enable you to function well in a time of crisis.

in a career which involved financing, account management or trusts. Your deductive mind and perceptive abilities also make you an ideal candidate for work as a psychologist, surgeon, researcher or criminal investigator. You will do well in any job which requires you to restore order to chaos by locating the problem and then (like a surgeon) skillfully removing it. You are a natural born healer on many levels.

Traditionally, this aspect indicates the likelihood of your receiving an inheritance or some other windfall which results through the efforts of others. You will most likely do well for yourself on your own, however, if you can combine your enormous creative power with your spiritual motivation and sense of purpose.

— Interpretation from the **Personal Path report**.

Sun trine Pluto: You were born for a great financial and spiritual destiny. Your positive faith, self-confidence, and intense energy are the perfect ingredients for a huge and successful life mission. You will reach many people with your positive message and transform lives. You can reach others through the mass media and will likely travel to other lands. Others will be happy to contribute to your movement.

Do not take your potential for granted, or you will be terribly unfulfilled. Plan your life's work and go forth into the world. — Interpretation from the Prosperity report.
